

## 1 Resetting NSCC HPC User Password

To reset NSCC HPC User Password, go to <https://user.nscg.sg/saml/> and click on 'Login'.

You will be directed to Singaren Federated Identity Management (FIM) page. Select the organization you belong to from the dropdown menu and click 'Select'.

### Select your identity provider

Please select the identity provider where you want to authenticate:

☐ Remember my choice

You will then be directed to your own organization authentication page. Enter your user id and password for verification.

## Password Reset Guide

The screenshot shows a web browser window with the address bar displaying <https://cloud.a-star.edu.sg/adfs/ls/?SAMLRequest=pZJBb9swDIX%2FqG7LTIG7EVIamQNhgXotqDjethYCU6ESBLniht7b%2Bf4m>. The page title is "Sign In". Below the title, the URL "cloud.a-star.edu.sg" is shown. A form prompts the user to "Type your user name and password." with fields for "User name:" and "Password:". An example "Domain\username" is provided next to the user name field. A "Sign In" button is located at the bottom right of the form.

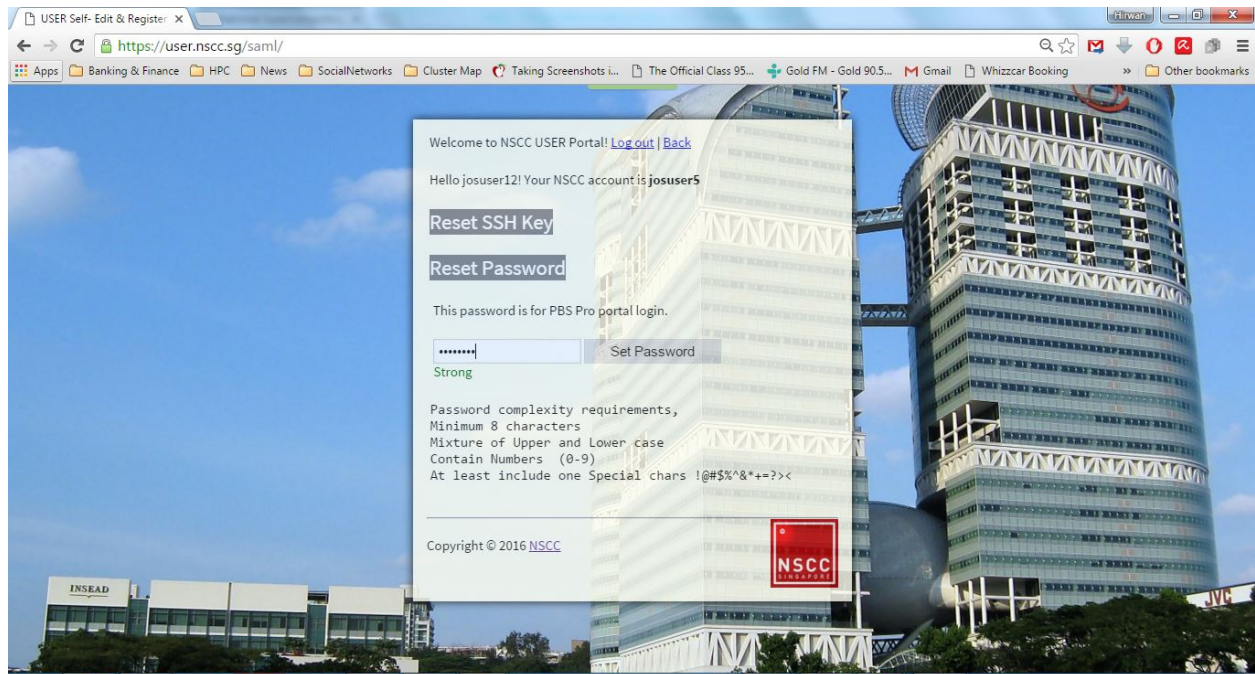

Once you have been authenticated by your own authentication, you will be able to reset your NSCC HPC User password.

Click "Reset Password" to reset your password.

## Password Reset Guide

Enter your new password and click “Set Password”. You can now use your NSCC HPC User ID with your new Password to login to NSCC login nodes.
